NOTE: You CANNOT begin working until your project has been approved.

HTML FINAL PROJECT

HTML/CSS

Now that you have this new skill of using HTML and CSS, it's time to refine it! The best way to become a great web designer is to practice. You'll be having three classes to work on your project, and the final class, we'll be presenting our final work to everyone!!

WEBSITE REQUIREMENTS

1. **Approved Final Project Proposal**
    a. Examples: Business, Personal, Informational, Art Portfolio, Fan Page...
    b. Do something that you would enjoy!
2. Must start with a clear HTML file (not based off the one you have been working on)
    a. Name it "[Your name here]FinalProject.html"
    b. Make a link from your index.html file to THIS file!
3. At least 3 different webpages (linked together)
4. HTML
    a. At least 3 different text sizes
    b. At least 4 pictures
    c. At least 1 numbered list
    d. At least 1 bulleted list
    e. At least 3 outside website links
5. CSS
    a. Add a background color or picture to your website
    b. At least one border
    c. At least one italic or bold or underlined font

ADDITIONAL INSTRUCTIONS

- Make sure you're NOT working on your original index.html file!
